### *Connecting Dots to Reveal a Potential Mass Killer*

*Legislator Hahn to discuss new initiative in Suffolk to get guns  
out of the hands of unstable individuals*

PORT JEFFERSON, NY – With the backdrop of a nationwide dialogue on gun policy in the aftermath of mass killings in Newtown, Connecticut, Aurora Colorado and Tucson, Arizona, sponsor of Suffolk County's new gun control policy, Legislator Kara Hahn (D-Setauket), will outline actions being done on a local level to keep arms out of the hands of mentally unstable individuals during a press conference to be held tomorrow at 12:45PM.

The new policy that Legislator Hahn has sponsored is consistent with sentiments from citizens and advocates on both sides of the gun control debate: that keeping guns out of the hands of individuals deemed to be a threat to themselves or others is crucial to deterring future mass killings. The Suffolk County Police Department has already internally adopted many of the provisions in Legislator Hahn's common sense proposal, and a vote during tomorrow's legislative meeting may formalize and extend that policy throughout Suffolk.
